RE: CORE Consulting and Development, Ryan Hughes

Dear Sir or Madam:

I am currently working with Ryan Hughes, who is our owner's representative on a multi-million dollar project for my church, LifeBridge Church. His experience in the development field as well as his knowledge of city and county governments has been invaluable, saving us both time and money. I interact with Ryan on a daily basis and have found him easy to work with and I am confident he has our best interest in mind.

I can without reservation recommend Ryan Hughes for any endeavors that come his way. Please feel free to contact me should you desire further information. Below is an excerpt from an email I sent to Ryan recently:

"I want to take a moment to let you know how thankful I am for your time and input on Monday. I can't think of a better way to say it other than...you were a rock star! Thanks for using your experience and knowledge to help grow the local church! You are a huge asset to me and I have a much greater level of comfort moving forward knowing that there are people who can help me with things I have no experience in.

I look forward to working with you more in the future as we continue on this journey to a 24x7 facility."

I would like to extend my sincere and honest recommendation for Ryan on any future projects in the capacity of an owner's representative or program manager.

Sincerely,
